

Discrete Mathematical Explorations (DIMEX)

Join us to learn about
Discrete Mathematics!

Discrete mathematical structures are at the heart of many modern disciplines, including computer science.

In this program you will have the opportunity to explore this area of mathematics at your own pace with guidance from experts in the field.

Grades: 9 - 12

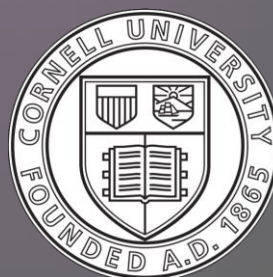

Cost: It is completely free

Time commitment: A minimum of 3 hours per week for a 2-month period

Please send a paragraph about your interest in this program to:
