A Little Mathematical History

By Anil Nerode, Goldwin Smith Professor of Mathematics, Cornell University

From 2000 BCE to 1800 CE:
The evolution of algebra, geometry, and trigonometry, from Mesopotamian and Sumerian Astronomy, through Euclid and Ptolomy and the Arabs to Kepler and Newton.

MARCH 2, 2019
3 – 5 PM
406 MALOTT HALL, CORNELL UNIVERSITY

Pizza will be provided!
